

## Program Information

### Why Should I Participate in the LMC Notebook Program?

LMC offers a recommended notebook package at a discounted price that includes all the software necessary for classes on campus. The notebook is fully supported onsite by our Lenovo (IBM) Certified staff - long delays to get support do not exist. Program students are 1st priority!

### Why Do I Need a Notebook at LMC?

It is required that all new students coming to Landmark have a PC compatible notebook computer. You will be required to use your notebook for academic work and having one that meets the minimum requirements is very important.

### LMC Lenovo (IBM) Repair Center:

We have Lenovo Certified technicians on campus facilitating onsite repairs normally within 48 hours. Insurance repairs and claims are also handled at the repair center to avoid long delays. We provide a loaner while repairs are being made.

### Minimum Requirements if I choose to Purchase a Notebook on my own: (For Questions Call 802-387-6800)

- PC Compatible Notebook
- Apple computers w/ Boot Camp running a supported Windows version (Landmark does not provide Windows OS or installation support)
- 1.5GHz or faster CPU & 2GB Ram
- 80GB hard drive with 20GB free space
- Windows XP Home or Professional
- Windows Vista / Windows 7 Home Premium, Professional & ultimate (Basic version not supported)
- DVD Drive (Burner Recommended)
- Ethernet and Wireless

### Apple Notebooks w/Mac OS Policy:

We do not support the use of Apple Computers running only Mac OS X or Virtual Windows in our classrooms. You may bring a Mac to campus, but with the understanding that you will only be able to access the Internet. Other network resources on campus will not be available. This is necessary to provide a high level of computer support and software consistency in and out of the classroom.

# Student Notebook Program

**Certified Lenovo (IBM)  
Repair Services  
On Campus**

## Purpose of the Program

### The Student Notebook Program will enrich your learning experience in the following ways:

- Provide you with state of the art technology to support your educational activities.
- Ensure access to campus resources and the Internet in classrooms and public spaces on campus.
- Enable you to gain the skills and experience needed to become a confident user of technology.
- Unlimited access to the Lenovo (IBM) Repair Center for all warranty and insurance repairs.
- Use of a loaner notebook, when available, so you are never without a notebook for class or homework.
- Daily anti-virus updates to protect your laptop against new attacks.
- Notebooks purchased from Landmark are fully equipped with the latest versions of Assistive Technology software. We provide training on an individual and group basis to any student interested.
