

## **Graduation Requirements**

Graduation from Landmark College requires students to earn 61 credits. Students must earn 22 credits from the Common Core, which includes introductory courses in English, First Year Studies, Humanities, Social Science, Mathematics, and Natural or Physical Science. Students must earn an additional 39 credits through a combination of degree requirements and electives to achieve the 61 credits that are necessary for graduation.

A minimum cumulative grade point average of 2.0 is required for graduation from Landmark College.

Students must complete their last credits before graduation at Landmark College or in one of our study abroad programs. Students may not take their last credits at another institution and transfer them back to Landmark.
