

### **Visiting Students and Transfer Credits**

Summer courses taken at Landmark College's Summer Session for Visiting College Students before a student matriculates at Landmark College will be removed from the student's Landmark degree transcript **only after** a student petitions the Academic Dean to have the course credit and grade removed from his or her Landmark transcript. It is recommended that students petition the Academic Dean within the first few weeks of their first semester on campus as a matriculating student.

This policy does not apply to students who do not matriculate at Landmark after attending Landmark's Summer Session for Visiting College Students.
