March 17, 2020

Dear LC faculty and staff,
Guidelines regarding social isolation in response to COVID-19 are changing rapidly. Effective immediately, Landmark College’s Critical Incident Response Team (CIRT) requires that all upcoming events, both on and off campus; all college-related travel; and all non-essential visits to campus are submitted for review and approval directly to CIRT by using this form. This may include but is not limited to visits to campus by prospective students, families, alumni, consultants, and vendors; off-campus conferences; and student trips. This policy will remain in place through April 17, at which time we will re-assess guidelines and recommendations.

Please reach out to CIRT at any time with questions or concerns about COVID-19 preparedness and response using PublicHealth@landmark.edu.
