

WE FOUND OUR COMMUNITY HERE

The Landmark College Success Center offers workshops in Social Pragmatics. Using the evidence-based PEERS® program, neurodiverse individuals can build skills and learn strategies for:

- Making and keeping friends
- Further develop existing relationships
- Interacting in small or large groups of people
- Advocating for themselves

Both group and individual social coaching sessions are available. Online or in-person options are offered based on demand.

To learn more, contact Sandra Fishler at
408-475-3323 or sandrafishler@landmark.edu
