All students take three courses:
• Learning Strategies Seminar or College Living and Academic Strategies
• Writing Class (three levels/options available)
• Choice of a single elective

Learning Strategies Seminar (Required – Traditional Track)
Provides a foundation for other coursework and activities in the summer program. Students explore the “science” behind learning — from how the brain processes information to why factors such as nutrition, sleep, exercise, and learning differences affect how we learn. Students learn about skills and strategies, including technologies they can use to improve their ability to learn.

College Living and Academic Strategies (Required – Social Pragmatics Track)
Much like the Learning Strategies Seminar, this class provides a foundation for coursework and activities within the program, while paying special attention to helping students better understand the nuances of verbal and nonverbal communication.

Choose a Writing Course (Select One of Three Levels/Concentrations)
All writing courses cover the basics of good writing: coherent thinking, expressive presentation, individual style, and use of appropriate language. Students select one of the following:

□ Building Confidence as Writers
  For students not yet completely comfortable with the writing process.

□ Writing the Effective Essay
  For students who have a good sense of the writing process. Many students use this class to begin working on their college application essay.

□ Research and Writing
  For students who are comfortable with the writing process and are seeking to challenge themselves a bit.

For more information about writing courses, please go to landmark.edu/summer/high-school-programs

(continued)
Elective Course (Select a First, Second, and Third Choice Elective)

We make every effort to provide students with their first choice elective; however, class size is limited for this program in order to provide a personalized learning experience for students. Accepted and deposited students are placed in classes on a first-come, first served basis.

Please note that although course changes are available, because of the brevity of the program, schedule change requests should be made no later than Monday, July 1. Schedule requests received after that date are considered on a case-by-case basis in consultation with the High School Summer Program Academic Director.

Please indicate your first, second, and third choice by placing the appropriate number (1, 2 or 3) beside your selections.

Complete course descriptions can be found at landmark.edu/summer/high-school-programs
