Throughout the High School Summer Program, students will be leaving campus and participating in a range of activities and excursions during the week and on the weekends. We want you to be fully aware of these programs, and the expectations that accompany them.

High School Summer Program Weekend Activities 2019

One part of the program we want you to look forward to is the weekend field trips. They have been designed to be fun, provide you with some new experiences and positive challenges, and some time to enjoy the new friendships you will be making during your stay on our campus.

1. **Rafting Trips** (Saturday, July 20 & Sunday, July 21st, 2019) - The Deerfield River's most popular rafting sections. These trips are ideal for beginner rafters. In the middle of the in a state forest for lunch. After lunch there are opportunities to swim or simply relax as we raft back to base camp where hot showers and a slide show of the day's adventures await. Shoes that can get wet with closed toes and heels are required.

Weekday Off-Campus Excursions

In addition to the weekend trips, some classes or afternoon activities will include 1-2 hour off campus field trips. These will include visits to local areas, such as the town of Brattleboro, VT which offers a museum and many unique shops and eateries, as well as picturesque views of southern Vermont.

All trips will be staffed and supervised by the High School Summer Program staff and/or faculty.

We hope that after reading this overview, you'll be as excited as we are over the programs we have planned for you. In order to participate in these trips, you and your parents need to read and sign the enclosed waivers.
