Dear Students, Faculty & Staff,

As the College continues to monitor the impact of the Coronavirus, we wanted to provide you with some guidance on travel that is intended to keep you healthy and help limit the spread of the virus.

1. To allow the College to provide specific health-related information as updates are obtained, we are asking all students, faculty and staff to complete our [travel reporting form](#) if you have recently, or by the end of the month plan to travel internationally, travel by airplane (even for domestic flights), or have had close contact with someone who has done either of these activities.
2. If you are planning any international travel between now and the end of the month, please keep checking for [travel updates and restrictions regularly issued by the Centers for Disease Control and Prevention](#). Travel restrictions change as the virus continues to evolve rapidly.

Thank you for your help in our efforts to keep our community as healthy as possible. If you have any questions about any part of the College's response to the Coronavirus, please feel free to respond to this e-mail or e-mail us at CampusLife@landmark.edu. This e-mail address is being monitored regularly by members of the Critical Incident Response Team (CIRT) and our Health Services staff. Updates are also being posted to [the College's web page on COVID-19](#)
