- During morning sessions, groups will meet to find their classrooms and set up their tech with IT staff.
- After lunch, students will meet with their RA's to learn about the schedule of afternoon activities throughout the program.
- Next, they will be presented with an option to participate in a few different activities for the afternoon, where they will have the chance to get to know other students and have fun together on the lower campus.
- Finally, the day will end with a wing meeting after dinner, free time, and curfew.
