

Navigating the Financial Aid Process

An education at Landmark College is more affordable than you think.

1

Understand what aid is available to you.

In addition to Federal and State aid, most colleges and universities offer merit and need based aid. When determining where you'll apply to college, talk to a member of their financial aid team before ruling out a school because of the cost. At Landmark College 90% of our students receive some form of aid. Many of our students qualify for medical tax deductions, scholarships, and grants.

Prepare to complete the FAFSA

Most schools – including LC – use FAFSA information to award merit and need based aid. So consider completing the FAFSA, even if you think you won't qualify for aid. You can complete it even before you start the admissions process. You and your parents will each need to create a FSA ID. This can be done at <https://studentaid.gov/fsa-id/create-account/launch>. Once you have your ID you are ready to start the FAFSA Process.

Completing the FAFSA

Each October the FAFSA is available for the next school year. It's a quick and easy process! You'll be asked questions about you and your parent's finances. Pro tip: Use the IRS Data Retrieval Tool (DRT) to have the IRS directly link your tax information into the FAFSA, with only a few clicks. The FAFSA is good at any school. You just need to enter the school's code and it will be electronically transmitted to that school. LC's Code is 017157.

Receiving Aid

Once you submit the FAFSA it takes 24-48 hours to be processed and received at your school of choice. When Landmark College receives the FAFSA information an award letter will be sent to you. The award letter will list all the aid you are eligible to receive.
