

WE FOUND OUR COMMUNITY HERE

The Landmark College Success Center offers workshops in Social Pragmatics. Using the evidence-based PEERS® program, neurodiverse individuals can build skills and learn strategies for:

- Making and keeping friends
- Developing romantic relationships
- Interacting in small or large groups of people
- Advocating for themselves

Both 90-minute group and 30-minute individual social coaching sessions are available. Online or in-person options will be offered based on demand.

**To learn more, contact Sandra Fishler at
408-462-5416 or sandrafishler@landmark.edu**
