Explanation of Medical Expenses, Schedule A Line 1

Included in Medical Expense on Schedule A are tuition, room, and board expenses for (Student Name) attendance at Landmark College. (Student Name) was admitted to and attended Landmark due to a learning disorder that significantly affects (his/her) ability to learn in a non-specialized environment. Landmark College is one of the only accredited colleges in the United States designed exclusively for students with dyslexia, attention deficit hyperactivity disorder (AD/HD), or other specific learning disabilities.

Landmark's program is of limited duration and teaches the skills and strategies necessary for success in traditional colleges and the workforce. The program is designed to allow students to overcome their learning disorder; hence it qualifies as medical care in the form of special instruction and training.
