Re: Health Records: Tuberculosis (TB) Screening/Testing

You need a tuberculosis test if :

- You have been around someone with TB
- You were born in one of the countries listed below and arrived in the U.S. within the last 5 years
- You have traveled to one of the countries listed below in the last 5 years
- You have been vaccinated with BCG

Central African Republic	Haiti	Montenegro	Solomon Islands	Viet Nam
Chad	Honduras	Morocco	Somalia	Zambia
China		Mozambique	South Africa	Zimbabwe

If the answer is YES to any of the above questions, Landmark College requires that a health care provider complete a tuberculosis test.

Please have your medical provider acquire the appropriate test and then you need to upload via OnPatient in the Message section.

The "Tuberculosis Screening Question" is located at the end of the Immunization section under the Main heading "Reasons for Visit."

To upload a copy of a tuberculosis screening test open OnPatient. Go to "Messages" and enter Jeffrey Huyett under "Recipient" in the pulldown menu. You can drag-and-drop your file in the message there.

Tuberculosis screening and potential testing is required by the State of Vermont to reside in congregate housing on college campuses.
