- Make sure you access your Landmark College email address.** This step is essential, as this is how we will be communicating with you going forward. Checking this box confirms that you are actively checking this email.
- You understand that Landmark College houses students according to the gender which they identify on their housing application.** If you would like to speak with someone about a Gender Inclusive Housing option, please contact [housing@landmark.edu](mailto:housing@landmark.edu)
- Complete your online housing application.** When filling out your application please be honest (we promise... we don't judge!) and we want to get to know you. This information is what the Housing Office uses to match you with a compatible roommate. Make sure that you, the student, answer each of the questions fully. *The prospective student should be the primary person filling out the application*, we appreciate parent/guardian assistance, however we ask that the student has the opportunity to inform their residential experience.
